

TEMBA KIDS

NURTURING IMAGINATION. EMPOWERING THE FUTURE.

Every child deserves the best start for the best future, that is why at Temba Kids Hub we expand access to books so children can read, imagine, dream and believe in a brighter tomorrow.

We create:

- Beautiful, Namibian & African-inspired picture books and early literacy materials
- Puzzles and playful learning resources
- Story/reading events and literacy initiatives

Founded by children's author Hilma Weber, Temba Kids Hub is a movement to inspire children from all walks of life.

Our Purpose

Nurturing a nation of readers

Stories build imagination, language, confidence and connection.

Early literacy matters

Books in the first years lay the foundation for all future learning.

Access with equity

Books should reach every child, in homes, schools, informal settlements and rural villages.

Empowering the future

When children read, they can dream and when they dream, they can shape their future.
